The patentee hereby requests that the provisions of 37 C.F.R. §3.81(a) be waived in order to permit the correct name of the assignee to be provided after issuance of the above-noted patent. The failure to include the correct assignee name on form PTOL-85B was inadvertent.

A copy of the Notice of Recordation of Assignment Document is attached. This document indicates that the assignment was recorded on February 12, 2004 on reel 014974, frame 0407. The document lists the correct assignee name of Bruker Optik GmbH. Also enclosed is a copy of the original assignment recordation cover sheet which has been stamped by the Patent Office indicating that the assignment was submitted for recordation on February 12, 2004.

The Commissioner is hereby authorized to charge any additional fees under 37 C.F.R. §1.16 and §1.17 required by the attached paper and during the entire pendency of this application to Account No. 50-3969.

If the request is granted, please forward to the file to the Certificates of Correction Branch for issuance of a Certificate of Correction. A request for a Certificate of Correction has already been submitted and the fee for a Certificate of Correction has already been paid.

Respectfully submitted
